

Application Guidelines

Clinical and Translational Research Grants

This document provides information relevant for submitting Proposals to the **Harvard Medical School – Portugal Program in Research**. FCT Application Forms are not HMSPortugal Program specific, which makes the following guidelines suggestions rather than mandatory procedures. The current text explains how specific Program Application details fit in the current FCT Application Form.

Applications to the HMS-Portugal through the FCT platform (<https://concursos.fct.mctes.pt/projectos>) is a two-step process:

1. Completion of on-line FCT form according to the following guidelines and information available, please refer to the Terms of Reference 2013 document at <http://www.fct.pt/apoios/cooptrans/parcerias/harvard/index.phtml.en> for specific information on each of the program's initiatives
2. Attachment of the “Annex to Application” to item 9 of the on-line FCT form with all the items requested in the document Terms of Reference. The content of this document is of extreme relevance to the evaluation panel as it was specifically created for that propose.

Important note: All sections of the FCT form must be filled. Except were mentioned all should be in English. Please make sure text entered in the on-line form is formatted and comprehensive.

Section 1. Project Description / Section 2. Institutions and their roles

Investigators applying for collaborative research grants must be organized as an international research team. One investigator is designated as the “Principal Applicant” and the other investigators as “Co-Applicants.” The Principal Applicant will be located in Portugal. The Principal Applicant will be responsible for coordinating the research on behalf of the team.

He/she will also act as the team's liaison with the HMS-Portugal Program, and FCT, and will be required to submit annual budgets and progress reports.

Although Companies are allowed to participate they are not funded through this call.

Section 3. Scientific Component

These section should include an overview of the proposed research emphasizing how it meets the aims of the HMS-Portugal Program. Emphasis should also be made on the nature and expected outcomes of the collaborative work. The objectives of the team as a whole should be clearly stated while indicating the specific role played by each member in achieving the goals of the team. Advantages of conducting the proposed studies as a collaborative effort should be explained - *use the space provided in section 3.1.b: executive summary.*

Include a detailed outline of the proposed research, including preliminary results. The detailed presentation must delineate the specific contributions of each member of the team - *use the space provided in sections 3.2.2 (Plan and Methods) and 3.2.3 (Tasks)*.

Please refer to instructions to section 9, below, for possible use of same wording in both annex to application and section 3.

① *If copy/pasting from word processors to the web application, please make sure to preserve as much as possible formatting, particularly line breaks and bullet lists, as the jury will receive a printout of the online forms.*

Section 4. Research Team

Only members of Portuguese groups are to be indicated in the FCT form. To complete this, all members should obtain the Public Key at the FCT SIG website.

Section 5. Funded Projects

This section of the FCT form should concern only Portuguese groups.

Section 6. Expected indicators

This section of the FCT form is applicable for the whole team (Portuguese and international members).

Section 7. and 8. Budget

This section is applicable only to the Portuguese institutions participating in the call and it does not involve the Harvard's team budget. Make sure the total budget do not exceed the supported funding.

Section 9. Attachments
