UPCOMING SCHEDULE

31 OCTOBER 2018 2018 Joint Call for international R&I collaborative projects

31 JANUARY 2019 Deadline for full-proposal submission to 2018 Joint Call

14 MAY 2019 Communication of results from 2018 Joint Call

DECEMBER 2019 Launch of the third ERA-MIN Joint Call for international R&I projects

HOW CAN YOU GET INVOLVED

If you are university, research institute, SME, industry, NGO or public authority

- Build a transnational consortium and submit your project idea to 2018 and 2019 Joint Calls
- Apply as reviewer for the international peer-review of transnational R&I projects

If you are a national or regional Research Funding Organisation (Agency or Ministry) from Europe or beyond

Join the 2018/2019 joint calls for transnational R&I projects to support the internationalization of your academia, SME and/or industry

If you are a raw materials initiative, Horizon 2020 funded project, industrial association or international body

Liaison with ERA-MIN 2 activities to ensure complementarity and avoid duplication of efforts

ERA-MIN 2

Implement a European-wide coordination of research and innovation programs on raw materials to strengthen the industry competitiveness and the shift to a circular economy

RESEARCH & INNOVATION PROGRAMME ON RAW MATERIALS TO FOSTER CIRCULAR ECONOMY

PAN-EUROPEAN, INNOVATIVE AND FLEXIBLE NETWORK OF PUBLIC RESEARCH AND INNOVATION FUNDING ORGANISATIONS

This project has received funding under Grant agreement n° 730238. Funding Scheme ERA-NET Cofund

PROJECT ACTIVITIES

Coordination, collaboration and synergies between national and regional EU and non-EU public research and innovation (R&I) funding programmes.

Secure the sustainable and responsible industrial supply of raw materials to strengthen the industry competitiveness and the shift to a circular economy.

Support and promote R&I cooperation in the area of non-energy non-agricultural raw materials (construction, industrial and metallic minerals).

Call topics are based on challenges and priorities identified in the **ERA-MIN** Research Agenda (2013) that support the transition to a circular economy.

Reduce the fragmentation of R&I funding across Europe and globally through the implementation of **3 Joint Calls for** transnational R&I proposals.

ERA-MIN joint calls scope is needs-driven R&I in exploration, extraction, processing, recycling and substitution of raw materials covering the whole innovation chain.

ERA-MIN joint calls will support **partnerships** between academia, industry, SMEs, NGOs and public authorities, to provide them access to leading knowledge and new markets across Europe and worldwide.

Open 2018 and 2019 joint calls to participation of funding organisations from countries and regions across the world.
